CREATING A POSITIVE IMPACT

YOUTH DEVELOPMENT COMMITTEE Briargate Family Center YMCA

Tweens (8-12 years old) represent an age of growth and milestones. They are pulling away from their early childhood days and are reaching forward to their teenage years. Find out how you can make a positive impact in your community by serving on our Briargate YMCA Youth Committee and help the ever-growing population of Tweens make a successful transition through this age of discovery.

Our Mission

To put Christian principles into practice through programs that build healthy spirit, mind and body for all.
